### Rep. Harris Explains Vote On Sales Tax

State Rep. Lloyd "Curly" Harris (D), who was home for the weekend from the legislative session at Springfield, explained his stand in voting for House adoption of Gov. Kerner's bill to increase the state sales tax from 3% to 3 1/4%.

"If I felt we could raise enough revenue to keep the state government financially sound for the next two years without passing the tax, I would have voted against it," Harris told the Press-Record.

The representative said he was aware a large number of Quad-Cityans are against the sales tax boost, especially the retailers who last Monday sent a delegation to Springfield to protest the increase.

"My vote for the bill may be a legislative own song, for many people here are against it. I don't believe sufficient revenue can be raised for the state's operation in the next biennium, and the needs of the state are more important than the political career of Curly Harris," he added.

Harris, who is chairman of the House appropriations committee, said there is much legislation pending for the benefit of the local area, and he is endeavoring to see it through to passage.

The sales tax increase bill passed the House by a three-to-two margin. Among those against it was Rep. Paul Simon (D, Troy), who stated that he believed the legislature was not trying hard enough to hold down spending.

Hoelscher said the group will be joined by legislators of Madison and St. Clair counties in meeting with the governor.  
Bills are pending in the legislature to increase the district's bonding power to 4½% of assessed valuation (previously until Dec. 31, 1962, in order to permit the financing of a multi-million dollar storm water drainage program for the city of Granite City.

The council instructed Mayor Lee and City Attorney Harry E. Hartman to obtain an appraisal and seek to acquire Madison County House; Authority property on Klein street formerly occupied by quonset huts as a temporary housing project for veterans.

If the land can be purchased, it is to be used as the site of a new Venice city garage, which is to be financed from the city's share of bridge revenue.

This would enable the present garage to be eliminated, with the nearby park entrance improved and more space left for city hall parking, the mayor explained.

## Miss Nancy Jo Townsend And David E. Clement Are Wed

The wedding of Miss Nancy Jo Townsend, daughter of Mr. and Mrs. C. E. Townsend, 2543 Cleveland Blvd., and David Eugene Clement, whose parents are Mr. and Mrs. Hershel Clement of Centralia, took place Friday evening at the First Presbyterian Church.

The Reverend David B. Maxton performed the seven o'clock double-ring ceremony before an altar banked with greenery and bouquets of white gladioli and snowdrift pomps.

Lighted tapers in branched candelabra illuminated the sanctuary, flanked with lavish arrangements of woodvarden fern, Garlands of Sprengeri adorned with white satin bows entwined the tall standards marking the pews along the center aisle.

Miss June Nightingale, soloist, sang "Because," the Wedding Prayer and the Lord's Prayer, accompanied at the organ by Kenneth L. MacClatchey, who played the wedding march and recessional.

The bride was escorted down the aisle by her father who gave her in marriage. Her gown of garden-white silk mist taffeta was delicately re-embroidered with Alencon lace. Insetts of tulle created an empire effect in the moulded lace bodice, designed with a Sabrina neckline cut low at the back and brief sleeves. Sprays of Alencon lace encrusted with pearls and crystals detailed the wide unpressed panels of the bell shape skirt swept into a regal full court train. Two large fragile rose attached high at the back of the waist accentuated the gown's graceful lines. The matching Princess crown traced with luminous pearls and crystals secured her bodice and fingertip length veil of pure silk illusion. The bridal bouquet was a cascade of stephanotis surrounding white hybrid orchids.

Mrs. Neil O. Winters, the bride's sister, was matron of honor, with Mrs. John Livingston of Charleston, Ill., the former Miss Brenda Hundley of Granite City, Miss Marie Elziane of Rock Island and Miss Karen Richardson of River Forest, Ill., the latter two sorority sisters, serving as bridesmaids. Miss Linda Kay Clement of Centralia, sister of the groom, was the junior bridesmaid.

The adult attendants were dressed alike in ballroom length gowns of white silk organza over white tulle. Pink rosebud motifs were applied to the bodices and the bell shape skirts of soft pleats, slightly extended with crinolines. Fashionable wide scoop necklines and brief cap sleeves, the fitted bodices were encrusted at the waist with white pleated cummerbunds ending in flat bows at the back. Matching hair bristles and gloves complemented their ensembles and they held cascade bouquets of white gladioli and pink Anastro roses.

The junior bridesmaid was dressed alike in white organza, designed on similar lines as the older attendants with the exception of an extremely bouffant skirt gathered into a wide shirred cummerbund. Her headpiece was a petite version of the hair braid picture hat and her flowers were pink and white gladioli and roses.

Carrying a dainty white basket of snowdrift and rosebuds, the little flower girl, Miss Lori Winters, niece of the bride, looked lovely in a white organza pinafore frock made with tiny puffed sleeves and full skirts with ruffled hemline. By her side, bearing a white satin pillow on which rested the two rings, walked William Feders of Alton.

## Drivers Will Try Again Tuesday At Speedway

Granite City Dave Hollis, current point leader among the Ill-Mo Racing Association's southern circuit stock car pilots, gets his first chance to perform before the home folks Tuesday night.

He will be among the drivers scheduled to perform on the opening card at the Tri-City Speedway on State Route Three tomorrow night. Eleven races for stock cars, including a 40-lap feature race for the super-modified class, are scheduled.

With Spaulding of Madison and Bill Meyer of Wood River, battling Hollis for the point lead this season in association races at the St. Charles, Mo., speedway and at other ovals in the circuit, also will be at hand to make things interesting.

Time trials at the new track will begin at 7:30 p.m., with the first race scheduled one hour later.

The speedway was scheduled to open last Tuesday, but rain washed out the complete card, an exact duplicate of which is set for tomorrow night.

Grandstands at the track seat 5400, and co-owner Glen Hollis said this week that construction crews will complete the covering of the parking area with crushed rock by Tuesday. "We won't be washed out again unless it's raining at race time," he said.

The track is located north of the Nameoki area on Route Three, adjacent to the Bowland bowling lanes.

## 15 Youngsters, 5 Relay Teams Meet Jaycee Sports Jamboree Standards

Fifteen individuals and five relay teams qualified Thursday evening as entries in the Junior Chamber of Commerce sectional track and field meet at Contralia on July 22.

They were event winners in the local Jaycees' first "Junior Sports Jamboree," held at the Granite City high school football field, held in cooperation with the Illinois Youth Commission and the Granite City park district.

225-Foot Baseball Throw

More boys than girls entered the events, but the top performance of the afternoon was Carolyn Starling's 225-foot toss in the baseball throw event.

Competing in the girls' intermediate class (14-15), Miss Starling flipped a regulation size baseball 18 1/2 feet farther than the best throw ever measured in the five-year history of the state trials.

The distance will be submitted as a state Jaycee record in the girls' intermediate division. If she can duplicate the effort at the sectional meet, the distance can be considered for national AAU recognition.

Carolyn started juggling in the baseball throw event. Twice they had to stretch their legs measure farther after she had thrown the baseball over their heads. Her 225-foot throw may have been her best effort, since her first two tosses went unmeasured.

Kathleen Hauptman, competing in the girls' midweight division (10-11), ran the 50-yard dash in 0:07, one-tenth of a second off the state Jaycee mark.

Ribbons presented to first and second-place finishers in each event by Jerry McPherson, president of the local Jaycees. The results:

Girls' events—Midgets (10-11): 50-yard dash—won by Kathleen Hauptman, Geraldine Thomas as second, time .06:7; 220-yard relay—won by Kathleen Hauptman, Geraldine Thomas, Kathleen Hauptman and Patricia Hamilton; baseball throw—won by Geraldine Thomas, Patricia Hamilton second.

Junior (12-13): 75-yard dash—won by Suzanne Rabin, time .11:2.

Intermediates (14-15): 50-yard dash—won by Terry Latoury, Gerry Hampton second, time .06:7; 440-yard relay—won by Terry Latoury, Beverly Widell, Gerry Hampton and Nancy Rehms, time 1:03:3; baseball throw—won by Carolyn Starling, Gerry Hampton second, distance 223-0 (establishes unofficial sectional record, old record 204-6).

## Mathews Will Play East Alton Post Tonight In Venice

Last Thursday evening Post 113 was rained out of its opener in Knoxville, and the following evening was awarded a forfeit victory over Collinsville when the visitors could field only eight men for a Lee Park contest.

Summers said either Corey or Bill Liernan will draw the starting assignment against East Alton.

## The Downstate Fisherman

(Compiled by the Southern Illinois University Information Service from area reports.)

It's been a great week for Southern Illinois blugill fishermen with Horseshoe Lake, the new West Frankfort Lake and Lake Murphysboro giving almost everyone a hot hand.

Down at Cairo, they've been stringing up thousands of blugill and crappie in the week of the season. Four St. Louis couples left with a thousand and youngsters Thursday at the Granite City high school football field. Cairo caught more than 250 blugill ranging from eight ounces to a pound. Size averages have been consistently good and crickets, worms and leeches all have been producing. Trotline fishing for bullheads is rated excellent. Around the tupo dumbo crappie are devouring everything in sight.

Glen Garr, Murphysboro, parked in one spot on Lake Murphysboro and hauled in no fewer than 125 hand-size rebar. Robert Fenwick of Murphysboro caught up 35 blugill at around three quarters of a pound. Bass and channel cat angling has been slow, when blugill and crappie start turning on here, no one pays much attention to anything else. The lake is clear and fish are biting.

Last week saw blistering activity at New West Frankfort Lake, where average taken were 25 to 40 blugill of the 10 and 11-ounce category. Lots of war-mouth bass have been taken but largemouth catches have been spotty and small. Although a good channel cat lake, Frankfort, like Murphysboro, hasn't been giving up many of these. Worms and flyrod poppers have been about equally effective during the year's best run. Fishing at the old lake is rated good — the young Yonkers and Frankfort has been hitting it for seeds of blugill.

Bass are beginning to come off spawn at Little Grassy and a month-long decline shows signs of ending. Enough surface action is in evidence now to support a prediction of a sport within a week. Gene Vest is still racking them up on the Dalton Spawning.

Best bass catches: Howard Pison, Millstadt, a six and one-half and a seven pounder, Heldover Lloyd Lipe, Belleville, a seven and one-quarter pounder, Heldover George Rose, Benton, 15 ranging from a pound to over six, flyrod poppers and Jitterbug; V. V. Virgin, Bethalto, and F. E. Forsythe, Anderson, Indiana going up to five and three-quarter pounds.

Grassy crappie fishing is rated fair to good at one to three-feet depths; blugill are running numerous but small, and night-fishing for mudcats is good.

All Pope county area streams have been producing well—Lusk Creek is good for bass, blugill and crappie; Grand Prairie is rated the same. Fly fishermen

have come out with some good bass strings at both places. The Ohio is at pool and still falling; fishing is good. As usual, the area's many farm ponds continue to give bass fanciers plenty of play. Lake Glendale fishing has been fair for blugill, but not much else.

Crook Orchard is a lone week spot in an otherwise inviting picture. The lake is murky and hasn't yet turned over, although it may within a few days. Crappie and bass fishing has been poor; old-liners are returning empty-handed. Trotline fishermen have come up with some fair channel cats, but for day-liners, the lake is still in a recession.

**YMCA, Bowland, Rick's Market Teenage Winners**

The YMCA, Bowland and Rick's Market scored victories in Senior Teenage Softball league contests Sunday night at Wilson Park in makeup games which had been rained out Wednesday evening.

Bowland and Rick's Market had easy pickings. Bowland blasted Ross Gold chapter 19-2, grabbing a 9-0 lead after two innings of play and collecting 15 hits. Winning Pitcher Sami Nighossian gave up just three safeties. Dan Brawley was the loser.

Rick's Market bombed Ross Black chapter 21-6, scoring 12 runs in the first inning. Winning Pitcher Steve Scharden collected two home runs in addition to losing an eighth-inning game. Clyde Myers was the winner and Mike Tritan the loser.

The YMCA broke a 4-4 tie with two runs in the fifth to clip Sacred Heart in the evening. The club decided to allow those who played the option of retaining scores or playing over. Twenty-six are registered. Four trophies are to be awarded in A, B, C, and open flight.

The club's Thursday dinner meeting was attended by 35 members.

## Mercer Jumps To 1st Place in I-C Blue Loop; Hearts Win 3rd Straight

Mercer 4, Troy 2  
Sacred Heart 3, White City 2 (12 Innings)  
Moose Lodge 18, Maryville 4  
Carpenter 7, Poochones 2  
Collinsville 8, McAteer Glass 8

Mercer Funeral Home jumped into first place in the Blue division of the Southwestern Illinois Inter-City Baseball league yesterday afternoon with a 4-2 victory over Troy, and Granite City Sacred Heart pulled up to the 500 mark for the first time this season as John Rains scored his fourth pinning victory of the campaign, a 3-2 decision over White City in 12 innings.

Mercer grabbed the division lead with help from Collinsville's Boosters, who dropped McAteer Glass into second place Saturday night, 8-3. Moose Lodge of East St. Louis maintained its one-game lead over the Boosters in the Red division by thrashing winless Maryville 13-4.

Blue loop last-place team Carpenter surprised Poochones 7-2 in Sunday's fourth game.

**Break Tie In 8th**  
Mercer broke a 2-2 tie with

Troy in the eighth when Gary Burnmaster, signed just last week, opened the inning with a triple and scored on a wild pitch. Charles Johannmeier, who followed Burnmaster and walked, took second on the wild pitch. Mercer now leads McAteer Glass by one full game.

**Squeeze Bunt Decider**  
The Hearts, scoring their third straight win Sunday, did it in Frank Merriwell fashion in the 12th inning after they and White City were game scoreless from the sixth frame.

Grant Takanjama opened the 12th with a triple, Howard Etherton, who had three hits, was purposely passed and Harry Smith, running for Takanjama, scored the winning run on Phil Hogan's squeeze bunt.

The Hearts took a 2-0 lead into the sixth after Bob Price scored in the third on a walk, stolen base, passed ball and a throwing error, and then added one in the fifth on Etherton's single, a fielder's choice and Bob Simpson's base hit. Simpson went 2-for-4.

Rains, who is credited with each of Sacred Heart's four victories, gave up seven hits. The winners collected 11.

**Local Players Change**  
The Hearts announced the re-signing of Howard Etherton over the weekend, and also added Kenny Wells and Rich Williams to their roster. Williams played at shortstop with the club last season.

Released from contracts were Larry Burns, a 10-year veteran of MCC play, and high school graduates Bob Hoffek and John Corrie.

Mercer has released infielder Jim Bain and pitcher Ron Parker, and added catcher Ken Cook and outfielder-pitcher Gary Burnmaster to the team roster.

The next regular meeting of league officials will be Friday, June 23, at 8 p.m. at the Louis and Jane tavern in Carpenter.

## Loss Drops Kelly Girls To Second In Twilight Loop

Collinsville handed the Kelly Girls of Venice their first defeat in the Girls' Twilight softball loop in Collinsville Friday night, and took over first place in the standings.

The 5-4 triumph for the Rockets gave the club an 8-1 loop mark, while Venice is 5-1. A walk, single and error broke the 4-1 tie and gave Karen Rowe the victory. She had relieved Sandy Yost in the first after Kelly's had scored all four of its runs.

Sandra Klaas was the loser. She gave up nine hits, while Rowe managed six off Yost and Rowe. The winners scored the deciding tally in the bottom of the seventh.

Thursday night at Lee Park in Venice Kelly's made third place Alorton a 13-8 victim, thanks to power hitting by Angie Unger and Rosemary Bommarito, who both clubbed home runs off losing pitcher Jean Hopper.

Joan Maserange went all the way for Venice, and got credit for the win although she gave up 11 hits. Kellys got to Hopper for 16 blows however. Mary Alice Kelly and Rosemary Archangel did catching chores for Pop Meyer's club.

Former catcher Walker Cooper is managing the Dallas Rangers in the American Association this season.

## Fish 'Kill' Suit To Be Filed By State

The Illinois Sanitary Water Board Friday authorized Attorney General William G. Clark to file an action against Granite City Steel Co. for damages amounting to \$750 for the killing of fish in Horseshoe Lake, alleged by the discharge of chemicals and industrial wastes in April of this year.

The board also requested a separate action against the steel company involving \$945 for the killing of fish in the lake in May. Damages sought in this instance are based on the value of the volume of the various species of fish in the lake which have been killed. Most numerous in the lake are "bullhead" catfish.

At a meeting in Springfield Friday, the Sanitary Water Board rejected Dr. L. L. Faith as chairman. He is director of the Illinois Department of Public Health.

Other board members are William T. Lodge, director of the Department of Conservation; Ralph Bradley, director of the Department of Agriculture; William J. Hayes Jr., director of Public Works and Buildings; A. L. Sargent and C. S. Boruff.

Clarence Klassen, chief state sanitary engineer, is technical secretary of the board.

## Bethel Community Ties For First With Upset Win

Bethel Community handed Madison Baptists its first loss of the season Friday night in the Granite City park district Church Slow Pitch Softball league, and moved up to challenge the losers for the league lead.

The 11-4 win boosted Bethel to 3-1 for the season, identical to the Madison Baptist record. The winners gained a tie for the lead with a seven-run fifth inning during which they sent 12 batters to the plate.

Ira Martin hit a solo home run for the players' third. Madison Baptist staged a three-run rally in the seventh before John Childers came on in relief to preserve the win for Bethel starter Floyd Burlingame. Larry Holst had a round-tripper for the winners, who gathered 12 hits off loser Frank Eaves.

In Friday's first game, Community Heights annihilated the Good Shepherd club until the seventh, when Hurt hit for the circuit with two runs aboard. Earl Mathews took the loss, surrendering 12 hits, including a three-run double to Ron Utley in the first. Community in every inning but the second.

## GC Divides Pair With Decatur

The doubleheader sweep ended Granite City's Class AA softball club for the fourth straight time Sunday night in Decatur, where the local park district-sponsored team split a pair with Perfect Windows.

Granite City dropped the first contest 5-3 as Perfect Windows rallied for four runs and batted around in the fifth inning. The local team came back with a four-inning of its own in the nightcap to salvage a split, 7-4.

Granite City got off to a good start in the first game when first-inning doubles by Ron Dillard and Ken Cook produced one run, but winning Pitcher Tom Houser blanked the local club until the sixth after the early flurry.

**Adams Preserves Win**  
Decatur took a 3-1 lead in the fifth when it knocked out loser Joe Phillips on three singles, two walks and a hit batsman, good for four runs. Cholen and Jim Bain collected hits in the seventh for GC, but reliever Lou Ray Huff after three hits had the potential rally. Champion had three of Granite City's seven hits.

Dillard got GC off to a flying start in the second game. Leading off the first, he swung and missed the first pitch, and apparently strained his shoulder in the process. Ten minutes of "therapy" followed, and Dillard promptly poked the very next pitch right out of the park.

**4-Run Thrill**  
The winners got four big runs in the third on three singles, an error, sacrifice, stolen base and a walk. Leo Six, who started for GC, was relieved in the third by Ray Huff after three hits had loaded the bases. Huff escaped but was tagged for the first final two runs in the fifth.

Granite City's final marker came in the top of the seventh when Art Borchers opened with a two-base hit, moved up on Harold Portelli's sacrifice and scored on an infield out.

The split gave Granite City a 3-8 mark for the season. Decatur's club will meet Secon Wednesday at 9 p.m. in Fox Park in a Mundy AA contest.

## Falstaffettes Trim Blues In Saturday Twin-Bill

The Houston Falstaffettes swept both ends of a girls' exhibition softball doubleheader from the St. Louis Blues at Wilson Park Saturday night, 2-1 each.

The Blues, getting creditable pitching but making costly mistakes at the wrong time, lost both contests to the Texas women's ASA regional champs as the result of unearned runs.

Two first-inning throwing errors and a sacrifice fly gave the Blues an unearned run, but they were early in the first game, and they got another tainted marker in the fifth when speedy Mary Lou Zepeda singled, swiped second and scored on an error.

She left Candelieri stranded in the sixth when she hit a home run to left field corner, Coolidge JHS physical education instructor and Blues' relief hurler. Bev Conway came on in relief to prevent further damage.

She left Candelieri stranded at third by getting Houston Manager Jean Cope on a grounder and, after Dee Schmitz had reached on an error, struck out the next two batters.

**Stevens Homers**  
A ducky Stevens prevented winning Pitcher Nelda Majors from recording a shutout when she blasted a solo home run to center field to lead off the sixth for the Blues. That was the final hit home game for the losers, however.

Both clubs had four hits. Bluffs' Steven was the loser, although she did not allow an earned run.

Put in relief blanked the Falstaffettes for four innings before getting in trouble in the fifth with a walk, throwing error and wild pitch. Mary Lou Zepeda then doubled in two runs to give the Blues a 2-1 advantage.

The Blues had scored first, passing across a single tally in the fourth on Georgeanne Summers' single, two Houston errors and a fielder's choice.

Majors relieved in the fifth inning of the second game, but the Falstaffettes put together two singles, a pair of walks, an error and a stolen base by Margaret Zepeda, the other half of the flashy infielder waiver. For three runs and insurance for a sweep of the two games.

The Falstaffettes' waiver came in the sixth on a single by Elaine Bishop, followed by a single, gave the Blues their final tally in the sixth. Carol Magee went the distance for Houston to pick up the victory in the second game.

The Falstaffettes waived their usual fee for appearing here, and proceeds from the twin-bill, sponsored by the Granite City park district, were donated to the park's boys and girls work for about 500 fans witnessed the action.

## GC Rotarians To Import 250 Old Western 'Heroes'

Most people think the real heroes of the Old West were the gun-toting, lariat-tossing characters of today's television horse operas. Not so, say the Granite City Rotarians.

Their choice for the heroic distinction? The horse.

The annual Rotary Horse Show, to be held Aug. 28 at the Tri-City Speedway, near Mitchell, will have for display and performance more than 250 of the finest animals in the Mid West.

The four-hour show will feature 14 different events.

The horses will be worth more than a quarter of a million dollars, according to a spokesman. Other equipment to be used, such as saddles and bridles, will be worth another \$100,000 dollars. If horses can be raised by what they bring on the open market, then the Rotarians are probably right in their choice.

Last year during the show one horse was purchased for \$5000. Nobody even bid on the rider.

## Union Meets Tonight To Discuss Strike

A special meeting for striking employees of the Jenkinson-Wright Corp. has been called for 7 o'clock tonight at the Labor Temple. The plant, which specializes in wood preserving, has been picketed since June 9 after a contract expired.

Cloyce Hensley, president of United Brotherhood Local 2963 of Carpenters & Joiners of America, the striking union, said the meeting would be for members to "talk over" the situation.

The union is seeking a one-year contract with a 25-cent hourly wage increase. Hensley claimed the corporation maintains a plant in Toledo, O., where laborers receive \$1.90 an hour compared to \$1.62 here. He said the union had been offered an increase of four to six cents an hour.

Stanley Bell, plant manager, said that he knew of no new developments and that no negotiation meetings are scheduled. The old contract, which expired June 3, was for two years with scales from \$1.62 to \$2.50 an hour. Negotiations for a new contract had been underway since May.

About 40 members of Local 2963 are employed at the plant.

## Trio Admits Attempt To Steal Aluminum Bars

Three men were arrested by Madison police and charged with petty larceny Thursday afternoon after watchmen at Dow Chemical Co. caught them placing scrap aluminum valued at about \$37 in a car.

Arrested were Johnson Smith, 33, and Roosevelt Smith, 24, who gave their address as 810 West Washington avenue, and Freddie Jiles, 41, who gave his address as 1029 Douglas avenue. A woman who was in the car is being held as a material witness.

Police said 13 aluminum bolts had been taken from the fenced storage area at the northwest corner of the Dow premises and placed in the car trunk. The total weight was about 260 pounds. Plant guards said the men were seen throwing the metal over the fence at about 4:25 Thursday afternoon. When the guards arrived, the men were placing it in the trunk of the car, which Johnson Smith told police belonged to his brothers, Jiles and Roosevelt Smith tied, but were arrested later.

The three men were taken to the county jail Friday night. The complaint was filed by John Gitehoff, assistant state's attorney.

Conduct Charges Filed In connection with a June 3 attempt, Madison police arrested three others in charges of disorderly conduct after the men were seen fleeing from the scene.

Police Chief Barney Fraundorf said the men gave statements Friday that they intended to take 33 aluminum bolts from outside the fence.

Fraundorf said one of the men learned from Jiles that aluminum bars weighing an estimated 260 pounds and valued at about \$140 had been placed outside the plant fence.

Arrested were Eddie B. Arron, 20, of 1127 Logan street, Venice; Leon Lucas, 22, of 135 Eagle Park Acres; and Neil Adams, 27, of 613 Third street, Madison.

They are to appear in the court of Acting Police Magistrate John Gitehoff on Friday. Plant guards had reported they found the bars outside the fence during a routine check.

Burglars Visited Home of Clifford McKee twice on Sunday. While the family was away, the home at 2943 Oregon street was entered through an unlocked utility room at the rear and the burglars crawled through an unlocked window into a bedroom.

After ransacking the house and stealing accumulated loot in the utility room, the thieves apparently were frightened off when the McKee family returned home about 1 a.m.

Police were called and the area was searched with no success. However, after the family had retired, the thieves returned to carry off the items they had stocked in the utility room.

Missing are a 12-inch world globe, child's record player and children's pama.

Radio Taken From Home Theft of a small radio with a blue case from her home, 2208 (rear) Washington avenue, was reported Sunday by Mrs. Mary Ishum. She told police the theft occurred while she was away between 10 p.m. Saturday and 1 a.m. Sunday. There was no indication of a forced entry.

Man Discharges Firearm Robert Paschelag, 32, of 3013 Marvill street, was released after posting \$200 bond Saturday for charges of discharging a firearm in the limits and creating a disturbance. A hearing is set for July 14. Granite City police arrested him at his home at 7:50 p.m. Friday.

Thief Steals Ball George P. Nancy of 3128 Davis avenue reported to Granite City police that a blue rubber ball was taken from his yard sometime Thursday night. He said the ball was 10 to 12 inches in diameter.

## St. Joseph's Church Scene Of Parizon-Collette Nuptials

Decorations of white gladioli, daisies and stock with background arrangements of ferns decorated the chancel and altar of St. Joseph's Catholic Church, Saturday morning for the wedding of Miss Janice Collette, daughter of Mr. and Mrs. John Krivi, 2416 Illinois avenue, and LeRoy Parizon, son of Mr. and Mrs. Frank Parizon, 2301 Edgewood drive.

The bride was given in marriage by her uncle, Mr. John Favier of Granite City, with Rev. John Sohm performing the nine o'clock ceremony.

Miss June Nightingale, soloist, sang the Lord's Prayer and "Ave Maria," accompanied by Mrs. Clara Judd, organist, who played the wedding march and recessional.

Preceding the bride down the aisle were her sister, Mrs. Robert Conway as matron of honor and two bridesmaids, Miss Mary Lou Reilly and Miss Carol Krivi, the bride's cousin. Deborah Conway served as flower girl, while Carl Stephens, a cousin of the groom, carried the square, white satin ring pillow.

The bride wore a full length gown of white silk organza, embellished with Chantilly lace. A panel of lace traced a point in the front of her very beautiful skirt, worn over hoops and crinolines. Three rolled roses detailed the back waistline, with a cascade of silk organza and lace sweeping downward into a chapel length train. Tiny rose motifs centered with pearls, edged the neckline of the fitted bodice, with the sleeves, brief and detailed with a single rolled rose. Her bridal veil was fingertip in length, and was held in place with a jeweled crown embellished with sequins and iridescent pearls. She wore long white gloves and carried a cascade of white anemone, pinks and variegated ivy foliage surrounding a detachable white orchid.

The attendants wore identical gowns of aqua blue silk organza with bodices re-embroidered with lace, fashioned with scoop necklines and cap sleeves. Their skirts were very full, and flared at the bottom, with tiers of the same material falling from roses attached at the back waist. Headpieces consisted of daisies encircled with short veils matching their gowns, and they held colonial nosegays of white daisies and pampas.

The little flower girl, attired in a full length gown of white embroidered organza over aqua blue organza, carried a basket

Long lace sleeves ending in points over the wrists were fitted into a basque bodice designed with an oval neckline. She carried a bouquet of white summer blossoms surrounding an orchid.

**BEST COSTUME WINNERS** at the Marshall school playground Friday, from left, are Mike Nizinski, Susan Caudron, Jackie Reinagel, Neise Province, David Hordovsky and Dorothy Frynsko. The costume party was a special event sponsored by the Granite City park district as part of its summer recreation program. About 85 youngsters attended.

## 85 Youngsters Attend Park Program At Marshall School

It looked like a "masquerade party" at the Marshall school playground Friday afternoon, and that's just about what it was.

About 85 children participated in the park district summer recreation program there, one of seven similar play areas that opened last week. "The special feature was a 'costume parade.'"

Everything from an Indian complete with war paint and feathers to a cavewoman with a club were depicted by happy youngsters taking part in the summer fun. Six were awarded certificates for having excellent costumes.

Originality winners were Mike Nizinski and Susan Caudron; best dressed winners were Jackie Reinagel and Neise Province; and funniest winners were David Hordovsky and Dorothy Frynsko.

This Friday, the special feature at Marshall will be "On Wheels," with children enrolled in the program decorating their bikes and tricycles and taking

them to the playground, according to the activities directors, Mrs. Norma Schroeder of 3165 14th avenue, Mrs. Sue Champion of 132 Briardell, and Miss Betty McCauley of 2737 Grand avenue.

**Largest Enrollment**  
"The enrollment is our largest ever for the first week," Harold Brown, recreation director of the park district of the entire program, and predicted that it would exceed 1000. Through Friday 802 applications had been received.

He said all park-sponsored events are still open to youngsters who are residents of the park district and in the second through sixth grades. The program will continue until Aug. 4, with sessions from 9 a.m. to noon and 1 to 3 p.m. each day, Monday through Friday.

Activities offered include swimming, baton twirling, nature studies, handicraft, games and tournaments, story hours, bowling, picnics and special trips to the Forest Park zoo in St. Louis.

and Grant's Farm in St. Louis county.

Locations being used this year by the park district and the enrollments through Friday are: Nameoki, 120; Wilson, 190; McKinley, 117; Niedringhaus, 80; Logan, 75; Marshall, 150; and the Lincoln Place Community Center, 70.

**Enrollment At 928**  
With applications still coming in at a fast clip, 928 youngsters had signed up for the recreation program sponsored by the local YMCA, according to James Reinhardt of the youth department.

He said enrollment is keeping pace with last year, when it peaked at 1093 in July.

"Although a \$9 registration fee is charged for the 'Y' programs, youngsters who are financially unable to pay for memberships and who want to take part in the summer program may be allowed to work out their memberships at the YMCA," according to C. A. McMillan Jr., YMCA general secretary.

Registration for YMCA summer programs is still being accepted at the youth department office, which also has available complete information on the program.

Registration for the park district programs may be made at

# Kerner Warns Legislators To Pass Revenue Bills—Or Else

(Special from Springfield)

Gov. Otto Kerner has warned the State General Assembly if it doesn't enact a state administration revenue-raising program he may keep it in session beyond the customary June 30 sine die adjournment.

The House late Thursday passed 92 to 81 a bill to increase the state sales tax by a half-cent to 3½ cents after a four-hour debate. The bill now goes to the Senate.

The state's chief executive issued the warning at the biennial House dinner here last week. The interpretation on the warning was it is up to the lawmakers to either adopt his program or present one of their own.

The Governor's warning of the possibility of a prolongation of the regular six-months session which could run over well into July or perhaps longer, was intended to stun the lawmakers at the dinner which in addition to Assemblymen drew more than 1000 guests consisting of other state-elected officials, department and state agency heads, lobbyist, legislative employees and relatives and friends of the legislators.

"I hope you complete your legislative duties by June 30," Kerner told the dinner audience "because if you don't you will stay here until they are completed."

To adjourn sine die requires consent of both branches of the Assembly. If any refuses the two must stay in session and members who attempt to boycott a prolonged session may be required by force to attend daily deliberations. A Governor desires to adjourn a session may prolong it if he has the support of one branch which he probably would be expected to have. Democratic control of the House and most likely would go along with what he wanted.

May Call Special Session  
Later Kerner, at a press conference the next day repeated his warning saying he could also call the lawmakers back into a special session and would do so if the Assembly failed to act on his program. He added that if it was necessary to call a special session he might include amendment of the revenue article of the state constitution, and his remarks at the dinner were intended to show "my sincerity about state government business," but that it was not an ultimatum.

Gov. Kerner said he hoped for a June 30 adjournment because Speaker Paul Poffitt (D-Vienna) and the Speaker's dining wife

plan to take a vacation trip to Hawaii next month. Kerner then issued a direct appeal to Republicans attending the non-partisan dinner to take action on the most part, opposed the move to additional revenue through a half-cent increase in, and broadening of, the state sales tax as well as through other higher taxes.

As yet, the Governor's revenue program has been adopted. The broadening bills are intermingled with the two houses, each having passed several of the complicated measures and sent them to the other branch. No actual bill to create new or raise taxes has actually cleared the Assembly but "showdown" votes are expected in the Senate this week. The House by narrow majorities has vetoed the bills but the GOP-controlled Senate thus far has been

Speaker Poffitt also spoke at the dinner but made no mention of Kerner's warning. Legislators as some members lamented. He told the dinner audience however, he would continue to rule the House with a "firm hand at the risk of appearing to be arbitrary."

Mayor Richard J. Daley, who came here for the dinner, spoke briefly urging the legislators to "keep in mind the great programs of Kerner and myself."

Republican Secretary of State Charles F. Carpenter, East Moline, only member of his party to attend the dinner, said Court Clerk Mrs. Earle Benjamin Searcy, Springfield, told the present session "a great deal of work will be done."

He said the House will continue to rule the House with a "firm hand at the risk of appearing to be arbitrary."

Originally Wood's proposal would have placed a flat 2½ percent tax on the state's approximate 10 million citizens. The measure was rejected by the Senate 22 to 18. The House, however, passed the measure 92 to 81.

Sen. W. Russell Arington (R-Evanston), chairman of the committee, said he called the hearing at Daley's request. The committee already is on record as opposed to the city levy hike.

portation improvements. They sought to limit the bill to Cook county and Chicago, but the move failed, 101 to 52. Chicago and suburban members for the most part, opposed the move.

The Senate is expected to amend the bill to exempt all but intermingled with the two houses, each having passed several of the complicated measures and sent them to the other branch. A proposal to appropriate \$2½ million to establish a pilot study project in the form of a school to teach trainable mentally handicapped children at Hillside, was rejected by the House 92 to 81. The House Appropriations Committee last week and is now on House second reading.

The federal government is expected to supply the major part of the appropriation. The bill already has been approved by the Senate.

Legislation to place a limitation on state spending was advanced in the House last week. It would require the submission of a proposition to the voters on the next general election, to limit state government spending to \$3½ billion or less.

it was once before approved by Illinois but was rescinded during the last world war.

Economy moves in the form of amendments to slice large amounts out of state administration bills continued in both branches. In the Senate, moves to cut money bills by a flat 5% were successful to the point where \$45 million was taken out of the \$800 million State Public Works bill. Senate Revenue Committee Chairman Arrington said he hopes to take more than \$75 million out of appropriation bills before he finishes.

An economy bloc had less success in the House which may try to restore the cuts made by the Senate. An attempt, led by Rep. G. William Horsley (R-Springfield), failed by one vote to reduce the biennial appropriation for State Treasurer Joseph D. Lohman, Chicago Democrat, by \$284,000. The bloc also was defeated in an attempt to reduce a \$2,007,279 appropriation for Southern Illinois University by an item of \$155,000 for land purchase.

A House committee reacted more favorably to a bill which would require all state-owned automobiles to be towed and repaired at state garages throughout the state. The measure, introduced by Representative Horsley, was given a 9 to 0 approval by the House Committee on Governmental Economy. Speaker Poffitt supported the bill saying "I think you have a good idea here."

A proposal, sponsored by Rep. John K. Morris (D-Chicago) to freeze property tax assessments at 55% of value which is said to be the present level in most areas, was rejected by the Senate Revenue Committee. Chicago Democrats joined with Republicans to defeat the proposal by a vote of 10 to 5.

The measure would not only fix the assessed value of property but also would leave any future changes in the hands of the Legislature. The measure passed the House last week.

The Supreme Court got into the lawmaking business last week with a decision on an appeal involving the state tax on materials sold to contractors. It held that suppliers do not have to charge the sales tax on building materials and served to strengthen pending Kerner proposals to broaden the base of sales and use taxes.

## 12 Local Students Are Graduated From Area SIU

Twelve local students were among the 145 graduates of the Southern Illinois University at Carbondale Thursday night.

Dr. Harold Taylor, former president of Southern Illinois University at Carbondale, gave the commencement address in a natural amphitheater on the campus.

The local graduates are — James Thomas Daniel, Mary Lou Hudson, Robert J. Koester, Joseph J. Linhart, Wilbur Henry Lott, Virginia L. Nieper, Jerry Carter Pfaff, Robert H. Tolson and Ruth Ann Williams, all of Granite City.

Taylor said in his address that "the secret of life is to enrich the individual and to act tenderly toward the little, the unprotected, the ones without proper credentials, and to think compassionately of the young of all mankind."

He said a first step in rectifying American society and aims is to give massive federal, state and private support to schools and colleges on a scale "at least twice the size of the proposals now before Congress."

He said our educational programs should also be reconstructed because if the amount of material is merely increased, students will tend to be more interested in getting ahead in the world than in the world itself.

## Senate OKs Bill For Special Plate Charge

(Special from Springfield)

Passed by the Senate and sent to the House last week, a bill which will require the secretary of state to charge an extra \$3 to persons seeking study of license numbers or reassignment of numbers.

The bill passed the Senate by the bare majority—30-19.

Also passed by the Senate and sent to the House on a one-over-the-bare-majority vote of 31-12 was a bill to establish a state commission to study organized crime in the state with a goal to halt such activities. The Senate has set a \$100,000 appropriation for the commission, which will be required to submit a report at the next legislative session.

## Well, It Sure Wasn't George Washington

(Special from Springfield)

Armed with what was probably a hatchet, someone chopped down a small Chinese elm tree in the yard of Mrs. Stuart Squires, 2515 Wacker street, last night.

"I can't imagine why or who did it but I'd like to think that it was a good deed," Mrs. Squires said.

The tree was about six feet high and was chopped down an arm's length above the ground. Four other elm trees in the yard were left intact. The downed tree will be hauled away tomorrow.

Since it's the wrong month for George Washington's birthday, Mrs. Squires was not optimistic about a voluntary confession.
